

TITAN[®]

LOW PRESSURE FOAM SYSTEM

APPLICATION

REVOLUTIONARY LOW PRESSURE SYSTEM

Designed to spray both high and low pressure formulations for open or closed cell foam.

Benefits of the Helix™ LP system

- Drastically reduced re-entry time*
- Less overspray even in confined spaces
- Eliminates downtime associated with crossovers
- Lower energy consumption/cost

*See chemical manufacturer specifications for details.

HELIX™ LP

SPRAYS UP TO 15 LBS/MINUTE

LOW PRESSURE, HIGH PRODUCTION, AMAZING YIELD

The ultimate mix master.

Smart Connect Controller

- Unmatched accuracy delivered by the electronically controlled dual pump system
- Delivers equal amounts of A and B component increasing yield and chemical performance
- Improves mixing accuracy by 3-5%
- Independent priming and flushing function makes start-up and clean-up quick and easy

The industry's best ROI.

- Compact modular design that's easy to integrate
- Low power consumption decreases or eliminates generator costs
- Field serviceable fluid section keeps you on the jobsite
- Consistent ratio delivers higher yield

Active heat no matter the temperature.

SureFire™ Hose System

- In-hose heating element manages temperature all the way to the gun
- Holds temperature accuracy in cold or hot weather conditions.

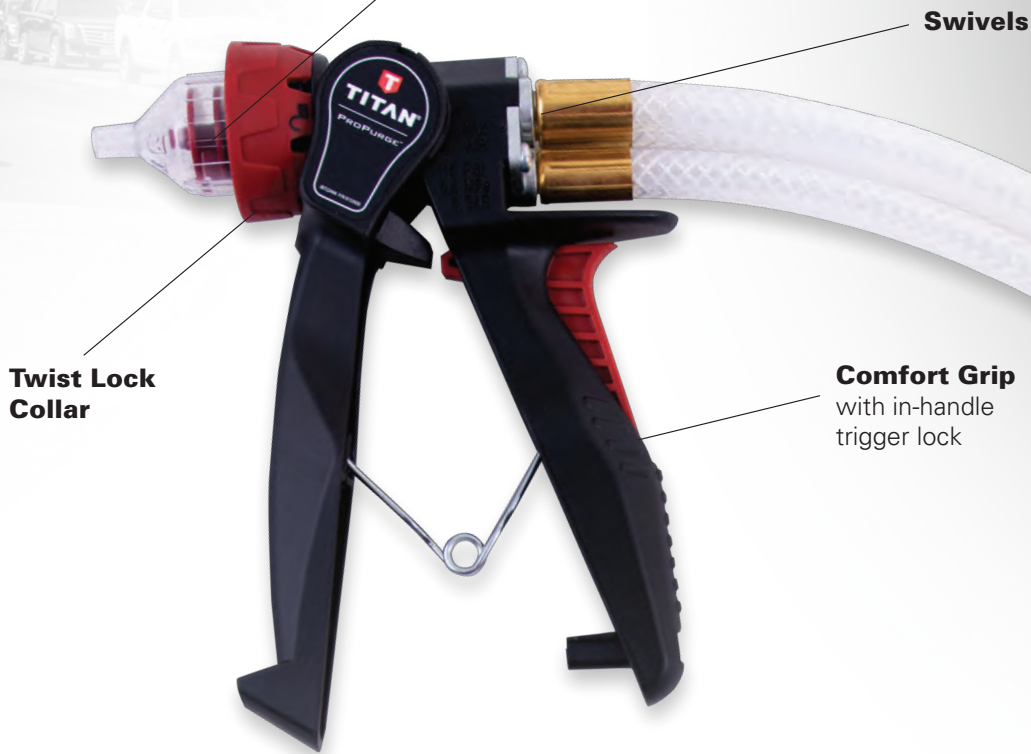

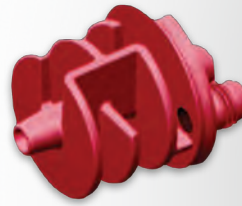

Set it and forget it.

Intelligent Pressure Management

- Automatically compensates for pressure drop regardless of hose length, chemical viscosity or environment
- Eliminates downtime due to crossovers by maintaining a completely balanced pressure for both chemicals
- Pressure and temperature managed at the gun optimizing yield

PROPURGE™

NEW
Maze Nozzle™

Maximum production. Minimum downtime.

- Double the production of other low pressure guns and spray up to 15 lbs per minute
- Eliminates crossovers and the associated downtime
- Maze nozzle lasts longer than the competition increasing production time
- Eliminates the need for time consuming maintenance and expensive rebuilds associated with metal guns

Maze Nozzle™ a nozzle that means business.

- Maximizes yield with efficient maze style static mixer
- Lasts longer due to the unique air purge system
- Quick change system makes nozzles fast and easy to replace

Just grab and go.

- Change nozzles with a quick twist
- No adjustments required just connect the hoses and pull the trigger
- Spray longer with less fatigue due to the comfort grip with built-in trigger lock
- Easy to move around due to built in swivels

Engineered to raise your bottom line.

- Keeps your applicator pulling the trigger not turning a wrench
- Unique air purge system makes nozzle last longer
- Long lasting low cost spray gun

System Configurations and Specs

HELIX LP SPECIFICATIONS

VOLTAGE	230V
AMPS	30
HOSE WATTS	4600
SYSTEM WATTS	6900
HEAT HOSE LENGTH	100', 200'
MAX FLOW (LB/MIN)	15
MAX SPRAY PRESSURE	120 PSI

CONFIGURATIONS

	PART NO.
200' (1PH, DRUM UNIT, 200' HOSE)	0138040
100' (1PH, DRUM UNIT, 100' HOSE)	0138065

PROPURGE SPECIFICATIONS

MAX FLUID PRESSURE	145 PSI (10 BAR)
MAX AIR PRESSURE	115 PSI (8 BAR)

PROPURGE GUNS

PART NO.

PROPURGE GUN (6 PK)	0153951
PROPURGE GUN (1), RND (10)	0153961

MAZE NOZZLES

PART NO.

ROUND NOZZLE (6 PK, 25 EA PK)	0153952
-------------------------------	---------

ACCESSORIES

HELIX LP HOSES & ACCESSORIES

100' A HOSE ASSEMBLY	0153818
200' A HOSE ASSEMBLY	0153819
8' A HOSE WHIP	0138983
8' B HOSE WHIP	0138982
BALL VALVE ASSEMBLY	0153979
TEMPERATURE SENSOR	0522116
DRUM RE-CIRCULATION KIT	0153780

2K PROGRAM

FIELD SERVICEABLE FLUID SECTION

When you purchase a new Titan Helix Proportioner be sure to take advantage of our exclusive WearGuard 2K program. The WearGuard 2K can save up to 80% off two additional fluid sections that can be change in the field to keep you working saving the time and frustration of downtime and waiting for parts to arrive. The replacement is quick and easy requiring no special tools.
